## SkyArt Customer Testimonials

*We have been using the B777 mock-up manufactured by SkyArt for over three years now. I am happy to say that everything with the device are of a superb quality, meets our expectations and beyond.*

*The materials used for the project are very realistic and the attention to the details is great. Thanks for your all effort.*

**Mr Gokhan OCAL, Advertising Co-ordinator, Turkish Airlines.**

## SkyArt Customer Testimonials

*Istanbul Maltepe University is one of the very first institutions in Turkey to implement a mock-up for cabin crew training. The aircraft cabin mock-up at our university reflects how SkyArt really cares about the quality of their products and how enthusiastic they are with their job. The interest in our Civil Aviation Cabin Services program have increased considerably since the installation of the training device.*

**Ms Gulay HACIOGLU, Program Director, Istanbul Maltepe University, Civil Aviation Institute.**

## SkyArt Customer Testimonials

*Hands-on training is vital for our crew training policy. Training devices offer a great opportunity not only for the training team but also for the cabin crew, to correct any mistake before it becomes a bad habit.*

*Our training program is more effective, lively and beyond all; more interesting than ever for our cabin crew with SkyArt's innovative approach, flexible design and strong after-sales service.*

**Ms Derya SIMSEK, Cabin Crew Training Manager, Pegasus Airlines**

Mr. Emre Ozkul  
SkyArt Aircraft Art & Furniture  
Hamidiye Mahallesi, Feyzullah Sokak N:3  
Sultanbeyli 34925 Istanbul - Turkey

Subject: Letter of Appreciation for Completion of Contract SGI-500-

Dear Mr. Ozkul:

I want to express my sincere appreciation for the excellent work done by SkyArt to complete the wide-body aircraft training cabin at the Practical Interdiction Training Territory (PITT) at the Border Guard Service Academy in Almaty, Kazakhstan. The successful result of the project speaks for itself, and both my Export Control and Border Security (EXBS) Program and the Border Guard Service (BGS) of Kazakhstan are extremely pleased with the final product. The aircraft training cabin is clearly the centerpiece of the PITT project, and will serve the BGS Academy's cabin inspection training needs well into the future. The aircraft training cabin was clearly the star of the opening ceremony of the PITT with numerous requests by the VIPs, attendees, and media for photos in and around the aircraft. The pride that SkyArt puts into your work is apparent in the high quality of the aircraft training cabin, and the care with which it was installed at the PITT.

I would like to specifically recognize the outstanding work of Mr. Irmak Erol on this project. The success of the project was largely due to the productive professional relationship established between yourself, Mr. Erol, and my EXBS program office. I appreciate the continued and open communication between yourself and Mr. Erol with my office throughout all phases of this two-year project. I appreciate SkyArt's endless availability to answer questions and address issues throughout the duration of this project. The attentive work of Mr. Erol and your staff during the design phase of this project ensured the aircraft cabin trainer met all of the requirements within our available budget. SkyArt's commitment to details during the production phase ensured the high quality and visual impact of the final product. I was proud to deliver this great facility to the BGS Academy, and the faculty and students of the BGS Academy took ownership of the aircraft cabin trainer with great pride. I salute SkyArt for making this possible.

It was a pleasure to work on this project with SkyArt, I wish your company continued success, and I would be pleased to have the opportunity to work with SkyArt again in the future.

Sincerely,

Kazakhstan Country Advisor,
